Launched to members a week ago, ontariocars.ca already has over 35,000 UCDA member vehicles for sale and the number is climbing every day!

Until the end of February, it's FREE to list your vehicles on Ontariocars.ca . List as many vehicles as you want and you will NEVER pay for those listings, even if the vehicles remain on the site after the FREE period ends.

To save members money, ontariocars.ca offers a unique pricing model. You only pay once for the vehicles you advertise, regardless of how long they remain on the site. All other sites charge a fee every month the vehicle is advertised.

Ontariocars.ca's unique pricing **WILL** save you money after the **FREE** period is over. You will not find prices this low at any other site!

Here's how pricing will work for vehicles which are listed after March 1st:

**1 to 49 vehicles just \$8 per vehicle**  
**50 to 99 vehicles just \$7 per vehicle**  
**100 plus vehicles just \$6 per vehicle**

**Example:**

You put **50** vehicles up on the site now **FREE**.  
You add **25** cars in March at **\$8** each, you pay **\$200**.  
You add **35** cars in April at **\$8** each, you pay **\$280**.  
You add **50** cars in May at **\$7** each, you pay **\$350**.

**You only ever pay once per vehicle to advertise a vehicle at ontariocars.ca.**

Other sites charge for your vehicles on their site EVERY month including the vehicles that you didn't sell from the previous month. That won't happen on **Ontariocars.ca**.

**ONTARIOCARS.CA is yours.....you need to get on it now!**
